

Educate - Safety – Training

**General Guidance
Information for Chapters**

1. Each Chapter should attempt to offer:
 - A meeting place in which to meet and participate in chapter projects education and social evenings - showing of videos, slides and etc.
 - An adequate flying field friendly to rotary wing aircraft – preferably government approved.
2. A Chapter should submit at least one article a year for publication in Rotorcraft magazine.
3. Chapters are encouraged to publish a newsletter after a scheduled meeting, or an event, for the purpose of keeping its members and the PRA International headquarters informed on their activities.
4. Chapters are further encouraged to establish a web site. A Internet presence has proven to have value.
