

The primary purpose of the Poker Run is to add a little fun to flying. Prizes will be awarded for the best and worst hands. In the case of a tie a flip of the coin will decide the winner.

Collect your entry sheet at the PRA office.

Fly to as many of the 7 - 10 nearby airports on the list to be posted soon, where we have placed decks of cards.

You can fly to all in one continuous loop - or do a few each day. Any order you choose.

Collect one card at each stop. The party handing out cards will mark a code and your N# on the card. Record your card on your entry sheet and retain all cards. Select your best 5 cards for the poker hand to submit.

Flights can start Tuesday morning, weather permitting, which will allow us to get all the card packs to the airports on Monday.

Entry sheets and the best five cards from your collection need to be submitted to the PRA office by FRIDAY NOON.

A Cash prize for the BEST poker hand and a consolation prize for the WORST poker hand will be awarded at the Saturday banquet.
